CELEBRATING EXCELLENCE: A Closer Look at the SAFMA Awards

Commending the Trailblazers of FM Advancement.

Join us in recognising and celebrating the individuals, groups, and corporations who are driving the growth and development of Facilities Management in South Africa. After careful consideration by our Board of Directors, we are thrilled to announce six exciting award categories for this year:

- » Young Achiever of the Year
- » Facilities Manager of the Year
- » Technology Implementation of the Year
- » Award for Excellence in FM
- » Chairman's Award
- » Management and Response to SA's Water Crisis

Details of the awards are listed below.

YOUNG ACHIEVER OF THE YEAR

Recognises an exceptional Facilities Manager under the age of 35 who is actively engaged in the FM industry and has demonstrated outstanding professionalism. This individual is passionate and driven by customer service, a role model, and have achieved notable successes in their career. They should also be making a personal impact in various aspects of the FM industry.

FACILITIES MANAGER OF THE YEAR

The "Facilities Manager of the Year" award acknowledges an individual for their exceptional professionalism and significant contribution to the FM industry. The winner will be actively engaged in FM, passionate and driven to deliver top-notch customer service. They should be a role model and have achieved significant accomplishments in their career, as well as making a personal impact in various aspects of the FM industry.

TECHNOLOGY IMPLEMENTATION OF THE YEAR

The "Technology Implementation of the Year" award will be given to the company that has effectively and successfully integrated technology into its infrastructure and core services. The winner will be selected from companies that have used technology to streamline and enhance their current service offering, reduced costs through sustainability, and introduced innovative and groundbreaking solutions to their clients or their corporation in the past year.

AWARD FOR EXCELLENCE IN FM

The "Award for Excellence in Facilities Management" acknowledges the efforts of individuals, teams, or corporates involved in FM, from researchers to facility operators, who have made a positive impact on the knowledge, practical application, and communication of strategies aimed at enhancing the workplace environment and sustainable performance of their facilities. This award intends to recognise the the "best of the best" in FM.

CHAIRMAN'S AWARD

The "Chairman's Award" is a merit-based honor given to individuals who serve as exemplary models and support the FM industry. This award is not given annually and is awarded when a deserving candidate has been identified through nominations from the board or members of the industry. The award recognises those who have made significant and lasting contributions to the FM industry and community, such as individuals who have conducted groundbreaking research, training organisations that have developed or marketed special programs, or journalists who have covered FM-related issues.

MANAGEMENT AND RESPONSE TO SA'S WATER CRISIS

The "Management and Response to South Africa's Water Crisis" award recognises efforts by individuals, teams, or corporates who have made a positive contribution to managing and mitigating the effects of South Africa's water crisis. The award will be given to those who have developed and implemented innovative solutions to address the challenges faced by the country's water services sector and have demonstrated exceptional leadership and management skills in response to the crisis.

Excellence is an art won by training and habituation. We do not act rightly because we have virtue or excellence, but we rather have those because we have acted rightly. We are what we repeatedly do. **Excellence, then, is not an act but a habit.**
